“ Dad,
This is a girl's first love, the one that will always be in her heart as the first man that she ever loved. Her king and the one that she can always count on no matter what. A love that can never be torn apart no matter how hard you try. I will always be daddy's little girl no matter how old I get. We've been through a lot and we are still close and no one can break the bond that we have. Now that I'm older, I have a better idea of everything you did for me when I was growing up. You worked so hard to make sure I was happy and healthy and had everything I needed... I don't think I'll ever be able to thank you enough for all you've done for me, but, today and always, please know how truly grateful I am. I love you and couldn't ask for a better dad. For the next week or so I am going to be as strong as I can for you. "There's two things I know for sure: She was sent here from heaven and she's daddy's little girl." You are everything to me and I know we had our ups and downs but you still are and always will be my dad. I love you with all my heart. Love, Peanut
