“ Petey was more than just my neighbor, he was a good friend and as far as i'm concerned, he was family. Hardest working man i have ever met, a fantastic cook and it amazed me how after a long day of work he would come home, whip up a gourmet meal and even dessert! I loved when i would visit, Barbara and Petey would jokingly argue back and forth with each other, teasing and he would always laugh, which would then make me laugh! He had the BEST laugh and i can hear it in my mind as i write this..

Every Spring when i wanted to take my Camaro out of the garage, i would frantically call Barbara and ask if Petey would back the car out of the garage for me.... My depth perception is horrible and i was sure i would rip the fenders off if i tried! He would come walking down my driveway, roll his eyes, laugh, shake his head and back it out without any trouble, then give me that look.... that look that said, "Dar, what the heck is wrong with you?" i can still picture him shaking his head and walking back home, laughing to himself..

When i came home yesterday and saw his truck back in the driveway, i gasped and started to cry. But then a sense of comfort came over me seeing it parked there, as if he had just come home from work.... His memory will always remain here in our neighborhood and within the hearts of his family and many friends. He was very much loved by everyone...

Barbara, you know how much i love you....You've been a friend, sister, a second Mother to me after my Mom died and my heart hurts for you. Please know i will always be there for you, even if we may not be neighbors someday. That is going to break my heart, but i understand after all you've been through over the past few months. I'm going to miss you, so promise you won't stay away and will still come visit or call....

Barbara, i know you and Petey had many good times and those memories are what will help heal your heart...Cherish those good memories you shared, i know you have many. Eventually, the pain will lessen....It will always be there, the waves of sadness never really stop coming because love never dies, but lives on in those who remember....And, you learn that you'll survive them. I know you are strong,...You are one of the strongest people i know and i love that about you...Family and friends are what will help you get through...Please remember that i will be there too... You were there for me after my Mom died, and i will be there for you, because i love you my friend....You and Petey are more to me than just my neighbors and friends.. You both are part of my family..

Michael, i am so sorry...i know how much you loved Petey...The most important influence in childhood is a father who spends time with their son. Petey stepped up and was a great father to you...The times he spent fishing, hunting and offering his advice over the years showed how much he loved you. Those are memories you will never forget....

To the Buratti family,...although i've never met any of you, i know how much you loved your brother and he will be truly missed...Please know you are all in my

thoughts and prayers...

Rest in Peace, Petey....This isn't goodbye, just so long for now...You've just "Gone Fishing" until we see you again...I'm sure when you arrived in Heaven, Coco and Duke were there waiting, wagging their tails and so happy to see you again!

Sending much love to Barbara, Michael, Bane, Bernie, Travis, Jeremy, Kym and the Buratti family..

I'm gonna miss you my friend....I will always remember you and that wonderful laugh.....

Your Neighbor and Friend,

Love Always,

Darleen

“ Thoughts and Prayers to The Whole Family. Peter was One of My Dads Best Friends for Many, Many Years. They shared a Bond like no other. I will Always Remember the Priceless Memories of the Two of them cutting Deer up in the garage at Our Home. I can still hear the Laughter of these Two Men when I close my eyes. R.I.P Peter and look for John, I know the two if you will be Glad to see each other again. Forever in My Heart and Always on My Mind.
