

Steve Pinter Jr.

August 28, 1954 - July 25, 2023

Steve Pinter Jr., 68, passed away peacefully at home on Tuesday, July 25, 2023. He was born August 28, 1954 in New Brunswick, NJ. Steve was the son of the late Steve and Marian Pinter. He was a lifelong resident of Hillsborough, NJ, operating Pinter Beef and Pork Farms. As a little boy, Steve would wake up as the sun was rising to start his day. He would help his father milk the cows before getting ready for school, put in a full school day, and then come home to continue his farm chores.

Steve's hardworking mindset carried over into adulthood as he spent most of his life working the family farm. A typical day would consist of plowing fields, feeding the animals, planting crops and baling hay. Steve worked tirelessly alongside his parents, ensuring he could provide for his family. He continued to run the farm after his parents passing until he retired in 2020.

An animal lover even in retirement, Steve filled his days by caring for his two pet cows and his cats. He was a true outdoorsman and particularly enjoyed hunting and freshwater fishing. Steve loved driving his tractor around the property in the morning, shopping at Walmart in the afternoon, and ending the day with a big meal at the Flaming Grill. Evenings were spent watching a great old movie, his favorite being Frank Capra's, "It's a Wonderful Life"

Steve was loved by his family and friends and will be sadly missed. He is

survived by his sons Robert Pinter and his husband Jordan Mauger and their two children Jackson and Grace of Pennsylvania, Steven Pinter of the Big Island of Hawaii, his nephew Justin Rosen of Massachusetts, his three sisters Karen DeMaio of Bethlehem Township, Melody Turash of Neshanic and Debbie Pinter of Manville, as well as many nieces and nephews. A celebration of life will be held at a later date this fall. "It was a wonderful life."

“ You are the one to teach me to go fishing and catch my first largemouth bass, a nice one at that. Later in life, I wish we could have spoke more and went fishing. I think, I would have even maybe had things to show you about fishing in the end because it became something like meditation for me. Without you teaching me fishing, I think, I wouldnt even be alive right now. Thanks Steve. Love you. Wish we caught them crappies at that spot you brought me that one day that they werent biting that memory just came along recently. I wish, that I knew where that spot was. It was under a bridge and the water was slow and I can see it in my mind. Maybe, one day, we meet again and go there.
