“ Condolences to Tom's family and friends. Although I have not had contact with Tom for 50 yrs I have distant memories from our High School yrs together as classmates and football teammates. After 72 graduation we occasionally got together and swapped stories of our post high school experiences, usually over a few beers. When I moved to the west coast in 74, we lost touch. My sister whom resides in Rocky Hill sent me the this notification. I'm saddened to hear of his passing, but happy to learn about his loves for life.

“ From glory days of football at Manville High School to strumming your guitar whenever you had a chance or to wetting lines in local trout streams. I was inspired to learn to play the guitar like you, so we went to the Flemington music store and you picked out for me a Martin guitar which I still have today. I'll never forget the impromptu, late night get togethers where you always had your guitar and played until nearly the sun came up. I'll also never forget the time we visited your friends in Maine for a couple for a couple of days and we fished the Penobscot River...so beautiful. It seems like yesterday, but great memories are kept that way. I'm sure you have the good Lord toe tapping already.

“ *Tom and I shared many days fishing fresh and saltwater extensively and often. He always said it was a good day for him fly fishing if he didn't fall in the water with his chest waders on which he periodically did and seemed to have a knack for it. It just won't be the same without him. My condolences to the family.*
