“ I’m so sorry to hear this. I met Vicky at Tiger Schulmanns Mixed Martial Arts. She and I would spar together. I was always so glad to see her show up for class because we were evenly matched, and she was so much fun to be around. I will miss her.

“ *Vicky, You were truly a very special person and we are Blessed to have known you. You always thought of other people before you thought about yourself. Even during your last days in hospice, you inquired about an ill family member of mine. Your love and compassion was never ending.*

We shared so many laughs and so many good times together. Please know we will be missing you forever and will keep your memory alive.

Thank you for the kindness you showed my family and I. Know that we love you. Until we meet again, Heaven has gained a true angel.

Love, Mary Giamonte and family

“ Hi Courtney, As you know I only met Vicky a couple of times in person over the years. I felt like I knew her - through my mom Carol, and your mom Lynne. I knew that I was so happy, for all these years, that you had found each other. Even in these photos you just posted here, I can see the kindness and the love. I feel so very, very, sad for your loss. Every time I think about it, my eyes well up and my throat aches. I send you all of the love in my heart, Courtney. From me, and mom, and dad Sal.

“ To my beautiful sister,
You will forever live in my heart my little sister. The world was a better place with you in it and you will be missed beyond words. My heart is so broken and saddened.
I have always admired the courage you have shown throughout your life. You are a wonderful, loving, kind, caring person full of love and compassion for all. You loved unconditionally and completely. Anyone who was privileged to be in your life was blessed by your presence.
Fly and be free and I will meet you in the end.
Love and blessings,
Leah

“ Words can not describe the hurt and pain I’m feeling. You are the love of my life. Your positivity and determination never wavered. You fought hard right to the very end.

I always described you to everyone as a Saint on earth. You always put everyone’s needs before your own. You were my rock that always kept me grounded. Life will never be the same without you by my side.

I love you forever 🍀

“ Vicky, you were such an amazing human and great sister in law. I will forever remember you for many things but the first two that come to mind are:

1. You brought out a side of my Sister that I have never seen. When you came along my Sister was finally able to be herself and be truly happy, and she was, you made her so happy. Your kind soul and happy personality brought out the best in her. It brought out the best in everyone that knew you.

2. I really loved watching you hang out with my Dad, you guys were 2 peas in a pod and it was so nice and absolutely hilarious to watch haha.

I love and miss you Vicky, you will forever be remembered in such a positive light

“ *My dear Vicky life will not be the same without your presence and you will be missed more than you could imagine. You not only brought love and joy into my daughter's life but our family as well. I always enjoyed the stories you and Frank would share about growing up Italian
You both shared the love of sports, any sport, every sport but I think the Mets were on the top of the list for you. I will never pass the All American without thinking of you.
You passed with such dignity and grace still thinking of others till the very end
You are loved and that will continue. May God embrace you in his loving care.*
